Triangle small wall area light type IV

A small size triangle design wall mounted area light luminaire using metal halide, high pressure sodium lamps 70-150w and LED. A high quality optic design creates broad spread light distribution. Designed for lighting footpaths, car parks, building facades, under canopies and roadways. The LED luminaires have features such as long life, limited maintenance and constant lifetime performance.

Aluminum frame and body. Stainless steel screws and hardware. Durable silicone rubber gasket and impact resistant tempered glass diffuser with hinged aluminum frame for in-position lamp replacement. The luminaire is treated with a chemical chromated protection before powder coating, ensuring high corrosion resistance. Integral control gear. Anodized high purity aluminum reflector.
