Martini 30 medium area light

Small and medium size modern shape wall area light with asymmetrical forward throw light distribution for metal halide lamps or high pressure sodium lamps 70-400w. A high quality reflector design creates broad spread light distribution. The luminaires are suitable downward light distribution with adjustable arm and aluminum housing with high corrosion resistance. Single cable entry PG 11 waterproof gland. Integral control gear. Stainless steel screws. Durable silicone rubber gasket and clear toughened glass with hinged aluminum frame for in-position lamp replacement. Anodized high purity aluminum reflector.
