

Euroman post top luminaire

IP55 ✱ ▲ ▲ / EN 60598 / CLASS I ⚡ / ▽ / CE / IK08

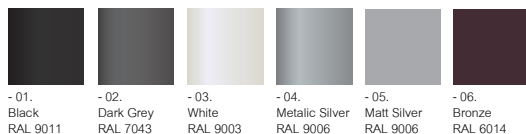

Suitable for wet locations

A decorative post top lantern with excellent downward symmetrical light distribution. Developed to compliment the Euroman wall light and street lanterns using energy saving compact fluorescent lamps as well as metal halide and high pressure sodium lamps. Designed for lighting of entrances, footpaths and car parks.

Low copper content die-cast aluminum housing with high corrosion resistance. Stainless steel screws. Durable silicone rubber gasket and clear or opal high impact resistant UV stabilized polycarbonate diffuser. Housing is treated with a chemical chromatized protection before powder coating, ensuring high corrosion resistance. Integral control gear. Anodized high purity aluminum reflector with the clear diffuser option.
